Old Business:

Review June minutes. We did not have a July monthly meeting, due to not having a quorum. Summer time poses a hardship in getting all together. Dana made a motion to approve the June minutes. Doug 2nd.

Golf Tournament – went really good for our first event. Had 10 teams playing in a scramble type setting. Profit of about \$2600 to go towards updates in the building. It was well received with many asking to come back next year and other's wanting to get involved.

Barrel race in June profited about \$1850 with stalls and camping for that weekend. Had lots of great feed back and appreciation for opening the barn and camping during that week and weekend. Brandee feels like we should make that a yearly thing also to offer lay offer opportunities for horse families traveling through during summer, especially rodeo runs.
